

IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

Applicant : Freeman et al. Art Unit : 3764
Serial No. : 10/786,359 Examiner : Unknown
Filed : February 24, 2004
Title : USING CHEST VELOCITY TO PROCESS PHYSIOLOGICAL SIGNALS TO
REMOVE CHEST COMPRESSION ARTIFACTS

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

INFORMATION DISCLOSURE STATEMENT

Applicant submits the references listed on the attached form PTO-1449. Applicants do not concede that the listed references are prior art. Because this application was filed after June 30, 2003, applicants are not supplying copies of the U.S. Patent Documents (References AA-AJ) or copies of the patents applications (References AL, AM, and AN). Applicants are supplying copies of the Other Documents (References AO-AT).

Because Reference AQ is a textbook, applicants have included the cover page and the table of contents from this reference. If the examiner wishes a copy of the entire textbook, he is asked to telephone the undersigned.

This statement is being filed within three months of the filing date of the application or before the receipt of a first Office action on the merits.

CERTIFICATE OF MAILING BY FIRST CLASS MAIL

I hereby certify under 37 CFR §1.8(a) that this correspondence is being deposited with the United States Postal Service as first class mail with sufficient postage on the date indicated below and is addressed to the Commissioner for Patents, P.O. Box 1450, Alexandria, VA 22313-1450.
